

Mastering Biology registration problems

- I know that our course ID works for registering through Mastering Biology since I see 100+ students already enrolled. If the course ID was incorrect, then everyone would be having issues. If you are unsure what our course ID is, it is located in the GENERAL COURSE INFORMATION section of our MOODLE page.
- Make sure you are using the correct password and/or login ID for your account. I know this goes without saying, but many students will already have a Mastering account set up from other courses or it has been a while since they used a Mastering component, so they forget that they already have a account.
- Always be sure that you are typing in the course ID code that you received from your Instructor. Sometimes when you use the copy & paste action, extra characters will be included (such as a space) that will cause the course ID to be unrecognized
- If you are still having trouble, try the steps below...
 1. First, please log out of MOODLE and other systems/email accounts and check the following common browser issues
 - Turn off pop-up blockers
 - Accept/enable cookies
 - Delete cached files and cookies
 - TIP: preferred browsers are CHROME and FIREFOX.
 2. If that does not work, you can create a Pearson Tech support ticket (<https://youtu.be/Vqztwvx4y7w>) using steps described below. (you may need to copy/paste the web address into your browser if it does not automatically open)
 3. If that STILL does not work, you can send our Pearson textbook representative an email. Her name is Danielle Morales and her email is danielle.morales@pearson.com, but MAKE SURE to include the CASE NUMBER that tech support will provide you. Without that, she will be unable to help you.

Student Tech Support

1. Start by visiting <https://support.pearson.com/getsupport/s/> This is where you will find self-help resources to quickly resolve your issue. (you may need to copy/paste the web address into your browser if it does not automatically open)
2. If you cannot resolve the issue by utilizing the self-help resources or would like to connect with an agent, click on the "Contact Us" button.
3. You will be prompted to enter important details to help ensure we route you to the correct department. Be sure to select College Student as your role, choose the correct issue category, and be sure to select the correct product.
4. You will then be given options for how you would like to connect with an agent.
 - SMS Text Support: available between 9am-9pm ET (seven days a week). If you select this option, you will be provided with a phone number to text
